MOTION BY SUPERVISOR SHEILA KUEHL AND  
MAYOR MICHAEL D. ANTONOVICH

May 19, 2015

**FOSTER CARE AWARENESS MONTH**

Foster children who have suffered the trauma of abuse and neglect require a special kind of person to help them heal and work with families toward successful reunification or permanent placement. In May, we celebrate “Foster Care Awareness Month” to recognize patient, loving, and committed individuals who provide a child with safety during a time of crisis. Without the commitment of countless foster and relative caregivers throughout the last 30 years, the Los Angeles County Department of Children and Family Services (DCFS) would not be able to care for and tend to the needs of its abused and neglected children.

As the largest public child welfare agency in the country, DCFS recruits, prepares and supports foster families to provide healthy, stable and loving homes to children until they can be safely returned to their birth parents or find an alternative permanent home. DCFS welcomes individuals and families—regardless of age, race, ethnicity, religion, sexual orientation or gender identity, marital or domestic partnership status, medical or disability status—to open up the doors to children in need of a home, particularly, families able to provide a temporary home for infants, sibling groups, teenagers, and children with medical needs.
